M.S.ITM
MASTER OF SCIENCE INFORMATION TECHNOLOGY AND MANAGEMENT

- Block teaching and learning method (study one subject in a specific time).
- Duration: 1.5 years approximately
- Thesis or Non-thesis option (Independent Study+ Comprehensive)

Master of Science in Information Technology and Management (M.S.ITM) program is offered by Graduate School of eLearning, Assumption University of Thailand. Instructors, lecturers and students can access through SCITPlus, a web-based Learning Management System (LMS) and assignments could also be accessed through this system. Students can study anywhere and anytime, not within the confines of classrooms and class schedules. Some contents can be downloaded, saved and viewed later, giving room for offline study. Classroom-based tutoring and lecture sessions are sometimes organized to supplement the learning mode of study. The study system of SCITPlus is proven to be effective and user-friendly for all our students. M.S.ITM curriculum is revised from an accredited M.S.ICT (by the Ministry of Education of Thailand) and approved by the university council. The M.S.ITM program is operated using the same standard as traditional classroom. The degree obtained is equivalent to a degree obtained through traditional classroom.
